VOL. XXXII.

STANFORD, KY. FRIDAY, SEPTEMBER 30, 1904. 3 P. M.

NO. 62

Large Infirmary Needed In Stanford.

To the honorable Board of Councilmen of the city of Stanford and the Lincoln county Fiscal court:

Will not this body of councilmen and the fiscal court of Lincoln county take one or more thousand dollars worth of stock in a new infirmary or hospital to be built in Stanford in the near future?

2nd. Will you not exempt this new hospital from taxation? Other towns and counties have kindly taken stock or contributed largely and annually to the building and support of inland city hospitals.

3rd. The Joseph Price Infirmary has been in existence for nine successful years and has contributed freely to the deserving poor in board, nursing, medicines and surgical dressing and medical and surgical bills.

4th. A new infirmary or hospital is much needed in Stanford and with the proper grounds and buildings would be self sustaining and bring much revenue to the town and to the business men.

5th. A new building that would do justice to the city of Stanford and meet the demands of the sick and injured in this part of the State would cost too much money to be built and owned by a private individual. All the turnpikes and railroads lead to Stanford.

6th. Stanford is geographically situated in the right place for a large and successful hospital, being 104 miles from Louisville, 114 from Cincinnati, 200 from Knoxville, about 250 from Chattanooga and has a sufficient number of reputable surgeons, physicians and specialists, competent, skilled and equipped, to give all the necessary up-to-date treatment that can be had in the far away cities.

7th. The pure country air, water, food, sunshine, shade, and rural landscapes are curative and would be of inestimable advantage over the dirty, cloudy and unclean cities.

8th. The rich people have an abundant opportunity to contribute to a new hospital, its private rooms or ward, and aid in a great public enterprise and lasting benefit to Stanford and Lincoln county.

The rich are constantly seeking investments that will do the most good and pay the best in the end. Some prefer farms, bank stock, others U. S. bonds, while many prefer to give to home, State, foreign and school missions, but the men and women who want to do the most good in this world invest in hospitals, infirmaries and dispensaries, that the rich and poor may have the best medical and surgical treatment at the least expense. Wealth inherited is so often spent in extravagance, dissipation and litigation.

Instead of expending hundreds and thousands of dollars in extravagant funerals, monuments, why not invest in hospitals and infirmaries that will be living monuments to your memory in life as well as in death and do the greatest good to the greatest number? Though we have all the christian virtues yet without charity we are as sounding brass and tinkling cymbals.

Public and private subscriptions can be left with the editor of the INTERIOR JOURNAL or to a special committee. The churches of the town or county could combine their finances and take one or more rooms or wards. The "Masons," "Odd Fellows," "Knights of Pythias" and "Maccabees" would be able to combine and keep or own one or more rooms or wards. Rich people could do likewise and have the rooms or wards named for them. Some individual order or church could contribute an ambulance, another a horse and harness, or the young and middle-aged people could give suppers, concerts, or good theatrical plays to help build a new hospital. A new and larger infirmary or hospital with an ambulance is now a necessity to Stanford and Lincoln county. It has been demonstrated in the past that such an institution would be self-sustaining with the proper management. We are commanded by the "Great Physician" to make the blind see, the deaf hear, the dumb speak, the lame walk, the halt leap for joy and he that is sick take up his bed and walk and to feed the hungry and cold, clothe the naked, give drink to the thirsty and visit the sick. Right here in Stanford is the place to have home and foreign missions by building a new infirmary and keep the money at home where it will do the most good and be protected. A trained nurse is very costly in a private home. The sick can go to a good home infirmary, be cured in a shorter time with less money and actual expense to family than be sick at home with a trained nurse at three or more dollars per day in addition to the physician's bill. An infirmary is a necessity to Stanford and Lincoln county, because it is geographically in the right place and all roads lead to Stanford and the servant question being an unsolved problem for all time to come, help being uncertain, the wives and daughters, husbands and sons busy and over worked, even without sickness in the home, make a new and commodious infirmary or hospital imperative and essential to the business interests and welfare of our people.

CHURCH MATTERS.

Rev. George Green, of Covington, has been called to the Baptist church of Lawrenceburg. He will take charge of the work Nov. 1.

The revival at Elizabethtown conducted by the Rev. M. Ham, which had been in progress for a fortnight, closed with 125 conversions.

Rev. J. W. Hagin will preach at Walton's Opera House next Sunday morning at 10:45 o'clock and each Sunday morning thereafter until the work being done on the interior of the Christian church is completed. Sunday school will also be held there at the usual hour—9:30 A. M.

By order of the General Assembly, Sabbath School Day will be observed at the Presbyterian church Sunday. Everybody cordially invited to be present. There will be special exercises by the children. The pupils of the Sunday school are requested to meet at the church Saturday afternoon at 4 o'clock.

A Boy's Wild Ride for Life.

With family around expecting him to die, and a long ride for life, 18 miles, to get Dr. King's New Discovery for Consumption, Coughs and Colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma; but this wonderful medicine gave instant relief and soon cured him. He writes, "I now sleep soundly every night." Like marvelous cures of consumption, pneumonia, bronchitis, coughs, colds and grip prove its matchless merit for all throat and lung troubles. Guaranteed bottles 50c and \$1. Trial bottles free at Penny's Drug Store.

Marriage is proving the worst of failures in Ohio. So far this year 6,443 suits for divorce have been filed and 4,336 decrees granted. On July 1 there were 11,368 applications pending. Such a state of affairs is appalling to contemplate.

What Is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in constipation, headache or liver trouble. Dr. King's New Life Pills quickly readjust this. It's gentle, yet thorough. Only 25c at Penny's Drug Store.

Nell—"Did he show you a good time?" Belle—"Well, he took me down to the City Hall and let me look at the clock."

To The Voters of Lincoln County.

I have no claims to make as do some of my opponents. I make no appeal to churches nor fraternal organizations, neither do I claim that any one is under any obligations to me more than I am to them, nor do I claim that the democratic party is under any obligations to me. I have always been a strong advocate of democratic principles and ever expect to be, simply from honest convictions. I have always contributed to campaign funds when called on, never failed to vote for the nominees of the party and yet I have no claims to make. I have always believed the principles advocated by the party to be right. I am not a democrat for popularity or gain neither will I do my fellow-man a favor expecting something in return. I kindly solicit the support of every voter, not because I feel that you are under any obligations to me but merely because I need the office and it takes your vote to win. We are all entitled to our views, politically and religiously. I am not ashamed of my religious views nor my political views. I am actuated from principle in all my acts and if that doesn't win I will throw up the sponge and quit. I expect to show my face to every man in the county, if possible, believing my face looks as well as any picture that I could have made. I have never seen one yet that I thought much of. In fact, one man told me to just look natural and I would win; not to have any pictures made. It would beat me and I have decided to take his advice. I have no money to buy the office. Some of my opponents say they have \$1 more than any body to pay for votes. If I had money I would not need any office and don't think a man with plenty of money should ask for it. I feel that I am as familiar with the value of the lands and other kinds of property as any man. Don't think any man would aspire for an office that he was not competent to fill, and if the good people of the dear old county of Lincoln will support me on the 3rd day of December, I will be very thankful and will try in every way possible to show them my appreciation.

Yours truly,
D. C. ALLEN.

NEWS NOTES.

Melson Faught, aged 84, suicided at Pittsboro, Ind.

MATRIMONIAL.

Wesley Reynolds and Miss Maude Surba, of the Fishing Creek section of Casey, eloped to Helenwood, Tenn., and were married.

Andrew Tucker and Miss Addie Holmes, both of the East End, drove to Danville Wednesday and were joined in wedlock's holy bond. The groom is an excellent young man and is a son of Mr. W. T. Tucker. His bride, who is a daughter of Mr. T. M. Holmes, is an exceedingly pretty and popular young woman. The INTERIOR JOURNAL joins their host of friends in wishing them a long, happy and useful married life.

A very pretty double wedding took place at the Methodist parsonage Tuesday morning in the presence of the pastor's family, Miss Annie Pence and friends of both brides and grooms, Rev. P. J. Ross, officiating. The contracting parties were P. J. Brown and Miss Annie Yeakey, B. M. Brown and Miss Myrtle Cox. The grooms are from Lancaster, being brothers. Miss Cox is from Lancaster and Miss Yeakey from Hubble. They left on the 1 o'clock train for St. Louis to attend the fair.

In the Christian church at Hustonville, which was beautifully decorated for the occasion, at high noon Wednesday Mr. Charles F. Montgomery, of Liberty, and Miss Mary A. Carpenter, of Hustonville, were made husband and wife in the presence of a large assemblage of friends. The ceremony, which was simple but most appropriate, was said by Eld. J. Q. Montgomery, father of the groom. The attendants on the happy occasion were Dr. R. A. Jones, of this place, and Miss Pearl Montgomery, of Liberty, and Mr. Jesse Carpenter and Miss Susie Frye, of Hustonville. Miss Pearl Rout, of Hustonville, was the maid of honor and Mr. George C. Montgomery, brother of the groom, was the best man. The ushers were Messrs. Val Morse, E. C. Moore, Hawk Bishop and Dr. O. S. Williams. Mrs. C. W. Adams, hidden from view by the elaborate decorations, charmingly rendered Mendelssohn's wedding march. After the ceremony the bridal party and a large number of friends repaired to the bride's home and enjoyed a magnificent breakfast, most elegantly served. This over Mr. and Mrs. Montgomery drove to Danville and caught the through train for Cincinnati and thence to the World's Fair at St. Louis. They will be gone some time, after which they will return to Liberty and take rooms at the Stag Hotel. The bride was gown in a creation of snowy white and wore a bridal veil. Her beauty showed to splendid advantage and the consensus of opinion was that she was a most lovely and lovable bride. She is a charming young woman and Mr. Montgomery's friends are congratulating him on winning her heart and hand. The groom is a prominent young attorney, a splendid business man and a gentleman in all the word implies. No young man in Casey stands higher or is more deservedly popular. That their union be full of happiness and their lives full of usefulness is the wish of their host of friends, including the writer.

HUBBLE.

Arthur Hubble is on the sick list.

J. C. Eubanks and wife are back from the World's Fair.
